Approved For Release 2000/05/16 : CIA-RDP81B00878R001300160050-1

SECRET

NOTES:

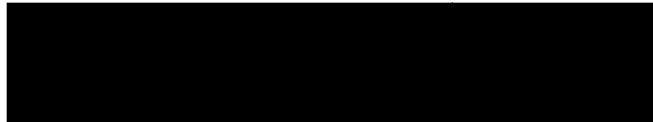

1. The Contractor shall be paid the applicable rates for the Contractor's engineer provided hereunder while such engineer is at work sites, in transit to or from different work sites, and to or from work site and plant.
2. Transportation which is essential to the accomplishment of required services shall be an allowable charge. Transportation allowances shall be made for the Contractor's engineer and his baggage and equipment from the Contractor's plant to the site of work, at the site of work while on official business, between sites of work and return to the Contractor's plant. Transportation, where feasible, shall be provided by the Government.
3. In cases where the Government does not provide such essential transportation and the Contractor furnishes the necessary transportation, this expense shall be an allowable item of reimbursement.
4. The rate is based on a normal 40-hour work week (8 hours per day, 5 days per week). The field engineer shall adjust his schedule to maintain a 40-hour work week. The understanding shall be, however, that the field engineer is on call 24 hours per day.
5. The PCS and TDY man-month rates provide that the Government release field representatives from duty on the following eight holidays: New Year's, Washington's Birthday, Memorial Day, Fourth of July, Labor Day, Thanksgiving, Christmas, and one additional holiday to be designated by Baird-Atomic, Inc. The PCS rate also provides that the Government be billed for the holidays, sick leave not to exceed one week and the annual two-weeks' vacation, since the overhead rate does not include provisions for vacations, sickness or holidays. The Government will not be billed for holidays, sick leave or vacation when the Engineer is on a TDY basis as the overhead rate does include provisions for vacations, sickness and holidays.

6. Any tour of duty at Chincoteague, Virginia exclusive of travel time from or to the plant having a duration of more than sixty (60) consecutive days shall be billed at the PCS rate. Billings for tours of a lesser duration shall be submitted on a TDY basis.
7. The contractor shall in submitting his monthly billings against this contract show detailed schedules of charges by category, i.e. PCS or TDY. In the event the billing is for TDY the man day rate, per diem and auto rental shall be claimed for each calendar day away from the plant including Saturdays and Sundays except as provided in Note 5. Mileage claimed at the site shall be billed only for work days, i.e. Mondays through Friday. The Contractor shall submit with his invoice or as soon as practicable thereafter a certificate of service similar in contents to Exhibit A which is attached to the contract. This certificate shall be signed by one of the following authorized representatives.
